

IF YOU WERE THE AUDIT EMPEROR (or empress)!

As part of Clinical Audit Awareness Weeks (#CAAW20) we are running a number of competitions. A new one for this year is simply called 'If you were the Audit Emperor'. All you have to do is tell us what one change you would personally make to improve local or national clinical audit. All you have to do is tell us in 50 words or less via info@clinicalauditsupport.com

We all know clinical audit is about making changes. So what one change would you suggest? We have few visible leaders like Carl Walker, Sarah Chessell or Professor Keenan working in clinical audit, but imagine if you were a leader for a day... what would you do differently? What needs fixing or could be better? We have a £50 prize to give to the best suggestion (as voted by the audit community during #CAAW). So please send your entries in.
